The Site Manager:

The council employs a site manager that lives onsite at this camp property. The site manager is there to maintain facilities and to aid Girl Scout and outside groups who are using them. If you need assistance during your stay, please contact the site manager listed on the first page. The site manager is on call at camp 24/7 except published holidays.

The facilities belong to each Girl Scout and will reflect the care she gives them. A list of cleaning tasks is located on the Property Usage Report. In addition to that list, here are a few things to remember:

- Please check on site what to recycle and where to locate the containers.

Your time at Camp:

You are responsible for planning all your time while at camp. This is a fantastic opportunity to get the girls involved in planning what activities you will do as a troop at camp. Many troops decide this is a wonderful time to work on badge work, a journey, or a service project. Other troops make the most of the outdoor time to plan hikes and outdoor cooking experiences. How you spend your time at camp is completely up to you.

Preparing to Come to Camp:

If you are a Girl Scout Group, at least one adult troop member must have completed the Camp Prep Training before coming to camp. This training may be done in person or through online gsLearn training. This training will give you the basics you need to ensure property safety while at camp.

Each group must have one adult who is First Aid/CPR certified. Each group is responsible for bringing their own First Aid kit to camp with them.

Payment and Cancellation Policy:

Full payment is due at the time a reservation is made for all rentals except in the case of an all camp reservation. For all camp reservations, 50% of the reservation fee is due at the time of reservation and the remaining 50% is due 30 days prior to your reservation. If full payment is not received 30 days prior to your reservation date, your reservation will be cancelled, and no refund will be issued.
